Summary

Enthusiastic and self-motivated web developer with a passion for learning and a proven ability to construct front-end and back-end applications by building 10+ projects. I completed The Odin Project, Node.js/MongoDB, and NextJS courses to develop my skills and capabilities and built websites with visually appealing UIs, responsive design, interesting interactivity, and engaging functionalities for the purpose of delivering quality solutions. I am currently looking to join a larger development team where I can contribute my skills and enthusiasm, leverage effective debugging, code optimization and project collaboration capabilities to produce applications that exceed user expectations.

Skills

UI Design, HTML, CSS, Javascript, jQuery, TailwindCSS, Typescript, React.js, Next.js, Three.js, Express.js, Node.js, NoSQL, MongoDB, Mongoose, REST API, GraphQL, Git, Figma

Certificates

- NodeJS - The Complete Guide (MVC, REST APIs, GraphQL, Deno) | Udemey
- The Complete jQuery Course From Beginner To Advanced | Udemey
- Next.js 14 & React - The Complete Guide | Udemey

Experience

Web Developer | Freelance

01/2023 - Present

- Planned, designed, built, revised and deployed **4 personal projects in 2024** of 6 personal projects and not less than **10 projects in total** with over **1800+ github commits** through Q4 2022 until now to apply and develop my skills.
- Developed web pages that have uniquely customized UIs, with multi-device responsive optimizations, accessible, user-friendly, and interactive using HTML/CSS/Javascript.
- Produced more interactive, better structured, complex, reusable, and dynamic web pages using libraries and frameworks like jQuery, React.js, Next.js and more.
- Increased websites' functionalities by building back-end and REST APIs to have the ability to store, receive and update its presented information using a NoSQL database.

Senior Property Consultant | Manazel Real Estate | Giza, Egypt

04/2021 - Present
